

Mini-Reading Response

6 April 2009

Brad Lepper, *Ohio Archaeology*. Wilmington, Ohio: Orange Frazer Press, 2005.

Read Chapter 4: The Middle Woodland Period.

The mysterious world of the Hopewell, or the methods of studying them will certainly raise many questions in your mind.

Choose your best question to ask Dr. Lepper-- and so you don't forget it, **email** it to your **Master Teacher** by **Monday, April 6**.

The questions will be given to our presenter and he will answer them to the best of his ability on April 13 while we tour the Newark Earthworks.
